

## The Process of Fused Bamboo

4-6 years old stalks cut from natural bamboo forest

Cut into length, split into stripes and deskin

Crushed into strands

Heat Treatment Technology

Ceramix Technology

Fused into panels & cut into size

Boards are primed and packaged

## dassoXTR dassoCTECH for Exterior Use

Through its patented "heat treatment" technology, dasso processes bamboo into dassoXTR for exterior use in classic "Espresso" color ; With the application of Ceramix Technology, dassoCTECH exterior materials have wonderful performance outdoor while retaining the original color -Cognac. Both dassoXTR and dassoCTECH can be processed into decking, cladding, soffit, fence, lumber and panel, which are widely used in commercial and residential projects.

### Benefits

Environment Friendly

Mould Resistance

Fire Resistance

Termite Resistance

Hard & Durable

Stable & Precise

### About dasso

Dasso group, founded in 1993, is the global leader and innovator of the bamboo industry. With the history of manufacturing bamboo, now dasso has 8 manufacturing facilities and over 1000 employees, in addition to owning over 2,700 acres of productive, sustainable bamboo forest in China.
