

Technical Data Sheet

Dasso Bamboo Incense Stick (DS-BIS-9)

Product Description

Dasso bamboo stick is made by 4-6-year-old moso bamboo which is grown up in Jiangxi and Fujian province with abundant water and suitable weather. It is manufactured by modern equipment and dasso-owned technology which realizes higher bending strength, more even and straightness. And all materials are sourced from the first layer of bamboo with AAA grade. Each pc of stick barely has the variation with very less tolerance.

Product Technical Specification and Tolerance

Properties	Standard
Dimension and Tolerance	Dimension: 9 Inches* 1.30mm length tolerance: $\pm 1.5\text{mm}$ Diameter tolerance: $\pm 0.08\text{mm}$
Species	Moso bamboo
Bamboo Age	4-6 years
Color	Natural
Density/Specific Gravity	0.8g/cm ³
Moisture content	<10%
Surfaces	Smooth and polished.
Grade	AAA
Layer	First Layer
Finishes	Unfinished
Packaging and Weight	15 bundles per Bag, 3150-3300pcs per Kg.
